TO WHOM IT MAY CONCERN

Sub: Research Assistantship Certificate for Mr. Sidhant Guha

This is to certify that Mr. Sidhant Guha assisted me in a research project titled 'A Topic Modelling Approach to the Family Firm Internationalization Literature' during May 20, 2023, to July 15, 2023.

During his assistantship, Sidhant diligently collected and organized a lot of information from various sources and has been very comfortable in assimilating and comprehending large mass of data. I have found him to be inquisitive, dedicated, proficient, and result oriented. He presents a positive attitude and is hard working and very motivated person who can work fairly independently.

I am confident that he will make a very positive impact in all his future endeavours and I wish him the very best in life.
